[BMAC Screening Results Roll Strategy.docx](#)

Team,

There are a few items which may (probably) pop up while I'm gone.

1. KC Home Doctor Press Release

This release is in final form and ready to go, simply waiting on word from the program to launch. It is attached.

2. U-Pick-It Inc. Press Release

This release is in an 11-person concurrence string, so who knows how long it will take to get back to OPA. I have attached the current draft of the release for when it does come back.

3. LeMars Daily Sentinel Inquiry

Bennett Goldstein from the Daily Sentinel has inquired about the HWY 3 PCE site for an update. Susan Fisher is the OSC working the site. Have left two voicemails for her with no response as of yet. I will send her an email to follow up with the Ops Team to coordinate the interview with Mr. Goldstein. His number is 712-546-7031, ext. 31.

4. West Lake Update Content

I have prepared and sent to Curtis and Mary the initial draft of the WLU content for next week, which focuses on the BMAC screening results.

5. BMAC Screening Results Roll Out Strategy

I have completed the Roll-Out Strategy document. It is attached.

I am going to turn off the forwarding from my desk phone to my cell phone and will only occasionally be checking my BlackBerry. If you need to reach me urgently, call my cell phone: 910-795-5868.

Looking forward to some time at the beach and with my family – see y'all when I get back!
